

WHAT IS PACJA?

- Vision
- Mission
- Objectives
- Structure

VISION

- A global environment free from the threat of global warming with sustainable development, equity and justice for all.

MISSION

- To develop and promote pro-poor development and equity based positions from the African Union and African governments in the United Nations' Framework Convention on Climate Change (UNFCCC) negotiations and International Convention on Human Rights.
- Guided by this mission, PACJA is working to ensure a stabilized global climate system by engaging and empowering its civil society members and other stakeholders in Africa to advocate for climate-related policies at all levels.

GOAL

- To be an effective African CSO's platform to share information, strategise jointly, coordinate engagement with African governments and jointly advocate for environmental sustainability in development programmes and for fairness and justice in the UNFCCC negotiations process in order to adequately protect the climate while
- safeguarding development.

STRUCTURE

- General Assembly
- Continental Executive committee (CEC)
- Country Chapters / Committees of the CEC
- General Secretary
- Finance & Administration Manager ●
- Program Manager

EXTRACT FROM FRAMEWORK 1/6
